

Locate criminal gangs and budding criminals, efforts are started in Police Station

It is noticed that youngsters in the age group 15 and 23 years are found involved in many crime cases in Kottayam District. Most of the bike accidents and death are found from the above age groups. It is perceived that they found purchasing costly bikes and mobile phone on installment basis. For securing the above sum they resorted to criminal activities and committing offences. Generally such persons gathered by forming Gangs are functioning by assigning a name to such gangs. In order to locate criminal gangs and budding criminals, efforts are started in Police Station level to identify such groups by collecting information from various groups including Residence Associations. The work is vigorously followed in Kottayam District as a separate measure to nip in bud the criminal activities of that kind in the District.
